Hello to you my friend! My comment is to bring, to debate, issues I feel are very important, concerning the Lisbon treaty. Below are three videos. The first is very short (3 min) and is of an MEP who sees the "Totalitarian nature of this treaty"

The second is a documentary called "The real face of the European Union" which is very important as it outlines, once again by MEP's, "An unsettling Agenda" from an EU that is "Rotten to the Core"

The Third is from a group of Irishmen. "End of Nations". It is an excellent documentary and it outlines the Lisbon treaty in full. Once again interviews with MEP's. Just be prepared to be a little shocked.

I'd encourage you to repost this comment If you feel it is of value. I will be posting a bulletin with the details and code of this comment.Press reply to bulletin, copy and paste the message, then repost as a comment.Thanks for taking the time to read this! Baz.....

Did you see soldiers on 9/10/01
The day before 9/11, I was flying in from Hawaii to LAX airport. My friend who traveled with me was continuing a New York flight. We arrived late at night, and the airport seemed empty of civilians.

HUNDREDS of US Soldiers, Navy, Army, Marines and National Guard were standing in line to purchase airline tickets. They were desperate, fearful that if they didn't meet their 24 deadline on call, they would go to jail. Our soldiers were begging for money from us. My friend loaned one boy \$100 to buy a ticket for his same flight.

My friend sat with the boy on the plane. He said he didn't know what the mission was for, only that it was a national security issue. Many of his friends were flying straight to the east coast to be deployed in the middle east. He said we were going to war. He said the other half of his friends were requested north east US, with national evacuation procedures on hand.

Please forward and repost if you are a 9/11 Truth member.

Thanks

i still remember when you first began posting in the loosechange forums about the altitude difference on FL77's

FDR. it is amazing how far things have come since then, thanks for all you've contributed to the movement. I feel Pilots for 911truth helped paved the way for other truth groups to emerge as they have.

What do you see here? If someone told you that this is an apple, would you believe them? Take a close look at the following short video of the collapse on September 11 of World Trade Center 7.

What do you see here? If someone told you that this is anything other than a controlled demolition, would you believe them? Do you believe what you see, or what you've been told?
